Venue: Centre of Excellence in Unani Medicine
(Pharmacognosy & Pharmacology), BNPL, 3rd Floor.

Felicitatíon

The event commenced with a warm welcome to the distinguished alumni. Each guest was felicitated with planters and a group photograph.

Mr. Saleem Ahmad - Chief Pharmacist

- Mr. Saleem Ahmad has built a career in pharmaceutical practice, serving as a Chief Pharmacist. His work emphasizes patient-centered care, drug safety, and efficient pharmacy management.
- He delivered an engaging talk, drawing upon his extensive career in pharmaceutical practice. As the Chief Pharmacist, Mr. Ahmad has established himself as a leader in pharmacy services, with a strong emphasis on patient-centered care, drug safety, and efficient pharmacy management.
- In his address, he spoke about the evolving role of pharmacists in both clinical and community settings. He highlighted how the profession has moved beyond dispensing medicines to becoming integral to healthcare delivery, ensuring rational drug use and patient counseling.
- Mr. Ahmad underscored that the training and foundation he received at Jamia Hamdard played a pivotal role in shaping his professional journey. He credited the institution for instilling values of discipline, scientific rigor, and compassion, which prepared him to take on leadership responsibilities in healthcare.
- His lecture served as an inspiration to the students and faculty present, offering a clear example of how alumni of Jamia Hamdard can rise to positions of responsibility and contribute meaningfully to the healthcare system.

Mrs. Qurat Yaqoob Mir - Specialty Pharmacy

- Mrs. Qurat Yaqoob Mir shared her journey from Jamia Hamdard to becoming a professional in specialty pharmacy.
- She highlighted her work in advanced patient care, particularly in chronic disease management and personalized medicine.
- In her lecture, she emphasized the importance of precision pharmacy practices and patient counseling.
- She credited Jamia Hamdard for equipping her with the skills to integrate modern pharmaceutical services with traditional values, encouraging students to pursue careers that balance innovation with compassion.

Mrs. Ranju Rana - Zydus Lifesciences

- Mrs. Ranju Rana recounted her path into the pharmaceutical industry, where she now contributes at Zydus Lifesciences, one of India's leading pharma companies.
- She spoke about her involvement in regulatory affairs, drug development, and quality assurance.
- Her lecture focused on the challenges and opportunities in the pharmaceutical sector, urging students to explore careers in corporate research, regulatory compliance, and innovation.
- She reflected on how Jamia Hamdard's academic foundation gave her the confidence to thrive in a competitive industry

Mr. Rahul Nijhawan - Cliantha Research

- Mr. Rahul Nijhawan narrated his professional journey in clinical research, where he plays a key role at Cliantha Research.
- He discussed his contributions to global clinical trials, bioequivalence studies, and regulatory submissions.
- In his lecture, he highlighted the scope of clinical research in India, stressing the importance of ethical practices and the growing demand for trained professionals in pharmacovigilance and regulatory sciences.
- He acknowledged Jamia Hamdard's role in shaping his career and encouraged students to consider clinical research as a dynamic and impactful field
